Photo Courtesy: NASA-Imagery/Pixabay In fact, the astronaut who set the American record for most cumulative time spent in space was Peggy Whitson. Try using it as a cut and paste to make it more hands on! This west region map will have your students naming the 9 states in region. Photo Courtesy: Lorie Shaull/Flickr Lake Superior is the largest freshwater lake on the face of the planet judging by surface area. Grant, who steered the Union Army to victory in the Civil War, George Washington (naturally) and Dwight D. What started with camels being shipped in to assist westbound settlers evolved into the U.S Army training them for use in the western United States. Photo Courtesy: AllexanderVlasov/Pixabay Knox and his men moved a whopping 60 tons of weaponry over the course of a brutal three-month winter. But fewer people know that Tubman also played a role in the Civil War effort. Yellowstone National Park is the only location that has been a continuous home to the bison since their near-extinction in the late 1800's and early 1900s. Who Needs College? Graduating college has become something of a prerequisite for entering many professional spheres today. It remains the land of the free and the home of the brave, but it's not always the place of the most well-informed people, and this widespread knowledge deficit even includes facts about the United States itself. And if you polled a group of Americans, you would probably get more than a couple who believe Jamestown is the oldest city in America. The next time a lack of college education makes either you a friend feel down, just remember that. One President Didn't Live in The White House in the heart of Washington, D.C. It offers proximity to the beating heart of the nation's politics and culture. Photo Courtesy: Free-Photos/Pixabay Of all the states in the union, South Dakota has the greatest cattle-to-human ratio, with 4.6 cattle to each South Dakotan. Fortunately (or unfortunately, for all you hippo enthusiasts out there), the bill never passed, and New Orleans remains free of wild hippos. July 2nd: The Real Independence DayWhether it's because they love beer and hotdogs or setting off fireworks, most Americans know that Independence Day is celebrated on the Fourth of July. And naturally, you wonder why the Camel Corps isn't a staple of modern battlefields. Some of the standouts in terms of military valor include Ulysses S. Who cares? Print the free pages individually below. Space exploration was a decidedly sexist affair back in the day, but don't let that fool you into thinking American women haven't accomplished anything great in space. If you are ranking freshwater lakes by volume, it ranks third. Can they repeat some of the state names on the map? The New River is considered by most to be the oldest river in North America. Surprisingly, a former storage room on the top floor of the Supreme Court building was converted into a basketball court where the justices and their clerks can decompress with an occasional game of hoops. There's no word on whether all the judges actually get together to play, but we'll still imagine Ruth Bader Ginsberg dunking on John Roberts. Kentucky and Bourbon Are Inseparable It's almost impossible to overstate the extent to which the identity of the state of Kentucky is tied to bourbon, a barrel-aged whiskey made primarily from corn mash. While the name actually comes from the French term for "upper lake", the sheer size of Lake Superior makes it, for lack of a better word, superior to all other freshwater lakes. While he selected the site of the future home of every other U.S. president, it wasn't completed during his presidency. By that measure, Sacagawea, who helped Lewis and Clark discover a nice chunk of uncharted America, was definitely a bad mother. They will be asked to read and follow tasks as they color, name and draw their way across the map! This worksheet will have your students reading and following directions as they locate states on the map, then colors listed on the key. Test your students knowledge with this USA, numbered, map quiz. Well, like for many things, you can thank the top-hatted genius Abraham Lincoln for making your Turkey Day as consistent as possible. Add it to your geography center and your students homework packs. This blank USA map can be used in so many ways. Learning DirectionsLearning Direct directions of locations. While July 4th is the day of official adoption, July 2nd is arguably more significant. NASA: Ladies Welcome If you look back at many of the most historic space missions and the movies based on them, they mostly involve men. Perhaps most noteworthy is that she was the second person ever to successfully cross the Atlantic Ocean without assistance from a co-pilot or crew. Your students will build their knowledge of state names, their capitals, abbreviations, locations, and regions. Photo Courtesy: dennisflarsen/Pixabay Irene's father, Mose, served in the Civil War when he was 16. There are 3.5 cattle in the state of Nebraska for each human resident, while in New Jersey there is less than one percent of a cow or steer for each person. St. Augustine, Florida Is Older Than Jamestown in 1607. Photo Courtesy: Edgar Samuel Paxson/Wikimedia Commons In addition to having the skills necessary to navigate a large chunk of the continent, Sacagawea was literally a mother, which makes the title 'bad mother' all the more fitting. Heft has been referred to as the Betsy Ross of the current, 50-star American flag, though he does not receive nearly the publicity that Ross does. Photo Courtesy: skeeze/Pixabay While a few thousand bison roam the plains of Southern Canada, the majority of them live in America, which is why they have become synonymous with the American West. Estimates for how many barrels of bourbon are currently aging in Kentucky range from 8.5 million to more than 9 million. While knowing each of the justices who have dedicated their lives to crafting the law of the land is important for civic-minded Americans, the Supreme Court just isn't as exciting as, say, a game of basketball Photo Courtesy: skeeze/Pixabay Except for when the two are the same thing. Heft, who passed away in 2009, designed the 50-star flag as part of a school project, beating over 1,500 other designs. So what's on your plate today? The U.S. Camel Corps on thought that American military ingenuity was in its golden age, you find out about the United States Camel Corps. Instead, cattle outnumber humans, and by a large margin. They are great as a stand-alone for your geography workstation and take-home activity packs! This labeled map of the USA will make a great starting point for teaching your students the names and locations of all 50 states. Photo Courtesy: scholty1970/Pixabay Hippos are known to eat water hyacinths, so a bill was proposed to allocate \$250,000 to bring in hippos to New Orleans. That means every resident of Kentucky could have approximately two barrels of whiskey to themselves — and that's just what's in the barrels. Some States Are More for Cows Than HumansWhen we talk about population growth, usually humans are at the center of the conversation. Photo Courtesy: Dale Cruse/Flickr But the extent to which Americans truly love pizza is astonishing. Some even have a state anthem in addition to a state song. Photo Courtesy: James DeMers/Pixabay Despite being synonymous with the American West, the mustang horses that you can still find roaming free in a few select parts of the country were originally brought to the New World during the 16th century by Spanish conquerors. Photo Courtesy: National Review/Wikimedia Commons But two of the most important men in locations of the states, their names, capitals, and how to abbreviate them. Photo Courtesy: Gilbert Stuart/Wikimedia Commons Yet there is one president who never lived at the White House: George Washington, the first president. State constitutions. Photo Courtesy: skeeze/Pixabay The river is approximately 320 miles long, and some scientists believe that it may be even older than the Appalachian Mountains through which it makes its path. Photo Courtesy: ejaugsburg/Pixabay Admittedly, the index relies on self-reporting from Gallup Surveys, and who is going to admit that they haven't volunteered or given to charity in the past ten years? It took men, boats, ox-drawn sleds and horses to move that weight from Ticonderoga, NY to Boston. That may seem like a foregone conclusion today, but there was once the possibility of both nations being one Photo Courtesy: 13434535/Pixabay The Articles of Confederation served as the United States' first constitution and stated that America's neighbor to the north could become the 14th state (at the time) so long as they renounced their loyalty to the crown of England. Nations such as New Zealand, England. Nations such as New Zealand. Nations such as New Zeala million people. Who would have guessed that such a plant was as American as apple pie? Lake Superior gets its name? Photo Courtesy: Imperial War Museums/Wikimedia Commons It's not a prerequisite for a president to have served in the military, as the presidencies of Bill Clinton, Donald Trump and Barack Obama can attest to. Photo Courtesy: Gellinger/Pixabay In October of 1863 (how many score ago is that, again?) Honest Abe decreed that the fourth Thursday of every November would be designated for giving thanks and eating turkey. Start your students out on their geographical tour of the USA with these free, printable USA Map Worksheets. It's the longest constitution in the world, with over 389,000 words outlining the basic principles that Alabamians chose to live by when they adopted the current version in 1901. Now, look at this map of the United States with your students. Make it exciting by turning it into a game! This northeast region map will have your students identifying and naming 12 states. Photo Courtesy: Archives New Zealand/Pixabay The Camel Corps was actually only relevant during the mid-1800s. Students might use the images to illustrate biographical essay projects. Test your students knowledge with this south region, USA map. It doesn't appear to be a hot spot for young professionals either, as the median age at last check was 64. Take it to the next level by asking them to also list the state abbreviations. Test your students knowledge of state capitals as well as abbreviations. Label US Regions Maps & Activities This labeled Regions of the USA would be a great addition to your students homework pack. As it turns out, that did not happen, and Canada remained, well, Canada. America the Generous While there are some people who say many Americans are self-centered, the people of the United States are also objectively altruistic, at least by one measure. Photo Courtesy: Hugo A. These were the years that independence was truly won for America, and it wasn't easy. That was the last time rugby was played as an Olympic sport, and other nations haven't had a chance to reclaim the gold. In order to combat the problem, someone came up with a novel solution: bring in hippopotamuses. MORE FROM FAQTOIDS.COM Here's a hint: its name is not coincidental, nor is it ironic. He had Irene with his wife — who was 50 years younger than him — when he was 84! Ever since Irene's mother and father passed away, she received Mose's \$73.13 pension check each month from the U.S. government. Whether you want to be a lawyer, therapist, engineer or teacher, you likely need a degree to be taken seriously.
